ASCG extends CRM Training Services to Viking Airlines

Following Viking Airlines delivery of a Boeing 737-800 which entered service in the UK in December 2008, Active Solution Consulting Group have been contracted to deliver New Entrant and Operator/Aeroplane Specific Crew Resource Management (CRM) training for their Cabin Crew based at London Gatwick Airport.

Viking Airlines, a privately owned charter airline with Head Offices in Stockholm, Sweden and main ground bases in Athens and Heraklion, Greece and London Gatwick and Manchester in the UK, operates charter flights for European Tour Operators.

The airline, which commenced trading in 2003, is also taking delivery of more next generation 737-800s and 737-300s in Spring 2009 and will operate from Gatwick, Manchester and Bristol to holiday destinations in Greece, Egypt, the Canary Islands, France and Italy and ASCG are looking forward to building a long term relationship with the Operator.
